

## IPPR PUBLIC FUNDING PRIORITIES FOR THE NHS

Methodology: ComRes interviewed 1,747 English adults aged 18+ online on 26th and 27th September 2018. Data were weighted to be nationally representative of English adults aged 18+ by key demographics including age, gender, region and social grade. MaxDiff analysis was conducted on the data to identify the perceived importance of each option relative to the others tested, represented by mean scores in the tables.

*All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.*
