Methodology: Savanta ComRes interviewed 2,038 British adults online from the 20th to 21st November 2019. Data were weighted to be demographically representative of all GB adults. All questions were also weighted by 2017 past vote recall and EU Referendum past vote. Voting Intention is also weighted by likelihood to vote. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at www.comresglobal.com

All polls are subject to a wide range of potential sources of error. On the basis of the historical record of the polls at recent general elections, there is a 9 in 10 chance that the true value of a party's support lies within 4 points of the estimates provided by this poll, and a 2 in 3 chance that they lie within 2 points.

Summary table

	Prince Andrew's interview has damaged the Monarchy	I believe Prince Andrew's recollection of events	Everyone is innocent until proven guilty	Prince Andrew should testify under oath in America in the Jeffrey Epstein case if he is asked	The media portrayal of Prince Andrew since the interview is unfairly negative	It is wrong for backers of charities headed by Prince Andrew to withdraw their support	ITV were wrong to ask a question regarding Prince Andrew to Boris Johnson and Jeremy Corbyn in the first televised leader's debate	I would prefer a 'slimmed down' Royal Family consisting only of the Monarch, direct heirs to the throne and their spouses	The monarchy should be abolished
